

Infinity Drive,  
with DHD Technology

# Two Terabytes One Warranty

247's Infinity Drive is backed by an industry-first Lifetime Warranty. You get total protection for the life of the drive. If it ever fails, we will replace it. Period.

This next generation Dual-stage Hybrid Drive (DHD) technology is **bigger, tougher, and more reliable**. Infinity Drive eliminates vibration and file corruption issues that plague stand-alone hard drive and solid-state storage devices.

**Massive 2TB capacity** means never worrying about running out of storage space

**Powered by Dual-Stage Hybrid Drive Technology** for the best of HDD and SSD all in one device

**Lifetime warranty** means worry free replacement for the life of the drive

**Built rugged**, for reliable performance under the harshest conditions

**Direct USB connectivity**, without needing a docking station

**Backwards compatible** to work with all Zeus DVR systems

**247**
