

OmniView360°
Camera

1080p HD From ALL Angles

See what you've been missing with OmniView360°. Combined with the powerful ZEUS Pt, it provides for high-definition coverage of every seat of your bus with less cameras.

With best-in-class audio and the sharpest images available, OmniView360° allows you to see exactly what's going on inside your vehicles, while maximizing the return on your investment.

Don't miss a detail, with HD 1080p-equivalent images at any angle

Greater coverage, with the ability to look down into seats

Hear every detail, with best in class sound quality

See clearly at all times, with NightVision low-light system

Low-profile, tamper-proof design (3/4" protrusion) means flexible mounting without obstruction
