

Standard  
Interior Camera

# The Standard In Quality Video

A good video system starts with high-quality, rugged cameras that can stand up to the harsh daily movements of school buses, while still delivering crisp, high-resolution video.

247Security set the bar with the Standard Interior Camera.

Don't miss a detail, with HD 1080p-equivalent images at any angle

Easy Installation, with just 3 screws and quick-connect single-strand cabling

See clearly at all times, with NightVision low-light system

Hear every detail, with the best in class sound quality

Triple Axis Aiming means greater aiming control and mounting flexibility
